

Women in Family Business XI March 1-4, 2007

Making A Difference

- ❖ In the Lives of our Families
- ❖ In our Businesses
- ❖ In our Communities
- ❖ In the World

Miraval Life in Balance Resort, Tucson, Arizona

Facilitated by Leslie Dashew

*Drop the stone in the water and watch the ripples
The circles extend first an inch then a foot then a
yard*

*The impact we can make may be small
But if it is purposeful and positive
It is worthwhile
Before we know it, the impact can be broad
And effect more than a few lives*

In Women in Family Business XI we will explore how to make a difference. What impact we want to have and how to engage others in helping us accomplish this. Whether the "difference" is in our own lives, our families, our businesses, our community or the world.

Philanthropy, foundations, boards, leadership and making change happen are among our topics. As always, our participants come from families who own businesses, share assets or have wealth and share very common concerns.

If you are saying to yourself "I can't make much of a difference," then you, above all, need to come to see how you can extend your impact!

Once again we will hold our program at Miraval Life In Balance Resort. Registration at Miraval must happen sooner than in past years, so please don't wait if you want to attend!!

The program offers opportunities to listen to new ideas and the experiences of other women and to have time to reflect on your own life. Leslie Dashew will facilitate the program, using her 35 years of experience as a family advisor, consultant and therapist. We also have time for a bit of pampering at the spa each day.
